# Papierflieger

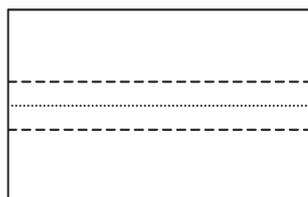

Nimm dir ein Blatt. Arbeite genau nach der Anleitung.

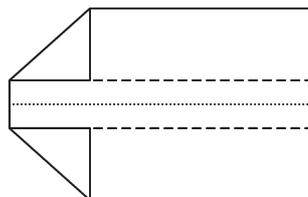

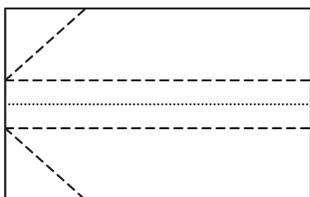

1. Falte ein Blatt Papier in der Mitte und klappe es dann wieder auf.

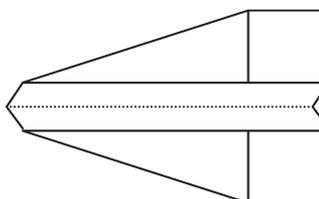

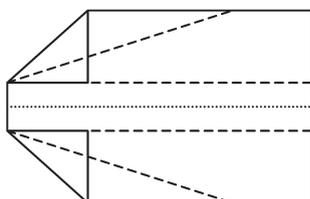

2. Dann falte das Blatt noch zweimal, etwas über und etwas unter der ersten Falllinie.

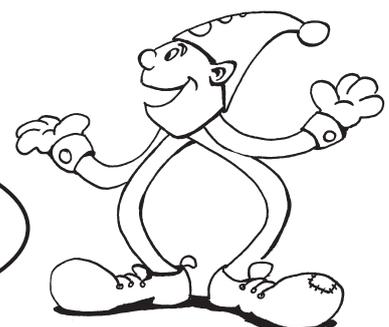

3. Knicke zwei Ecken bis zu den beiden äußeren neuen Falllinien.

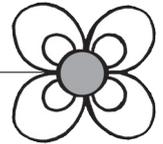

4. Knicke diese Ecken noch mal um.

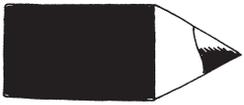

5. Lass deinen Papierflieger fliegen.

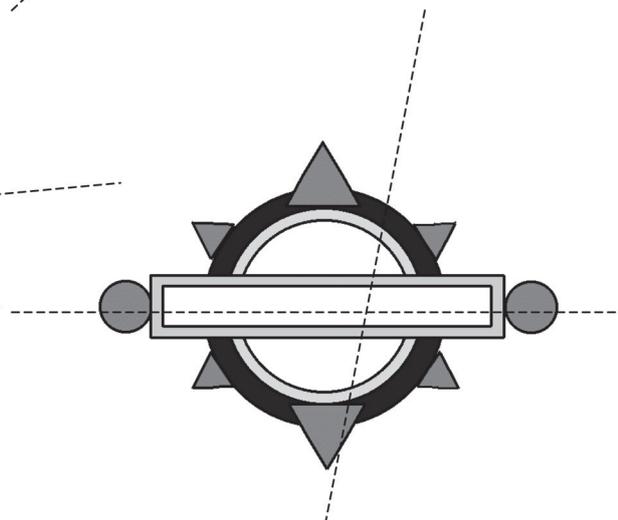

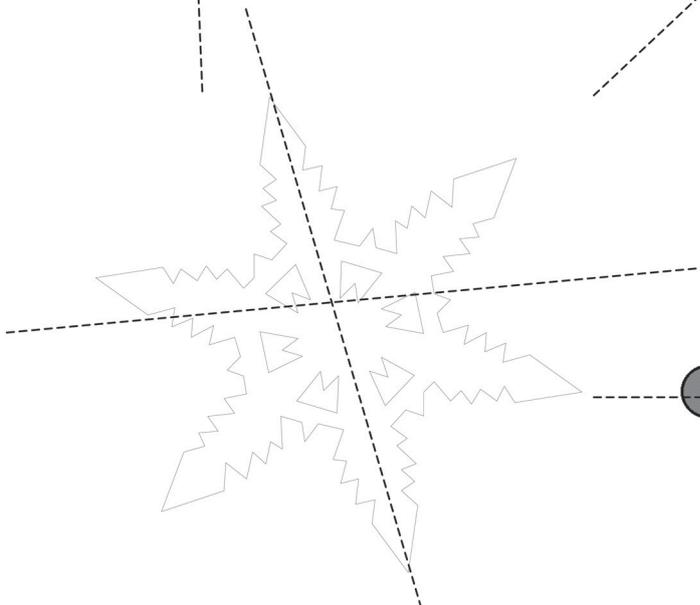

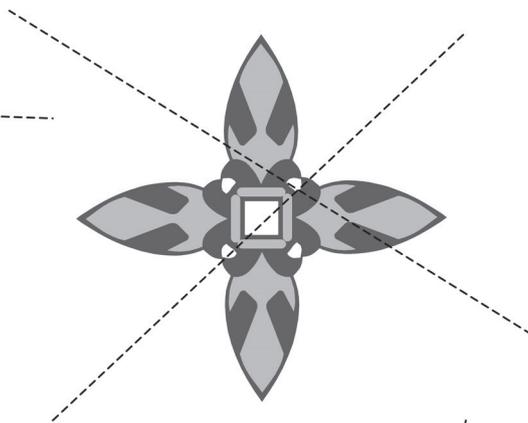

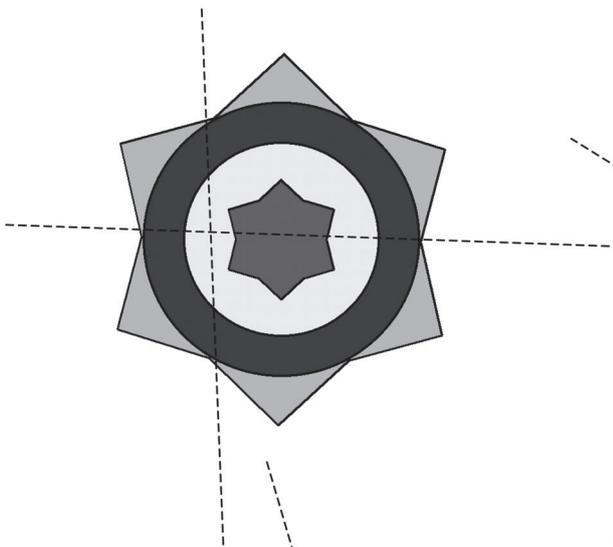

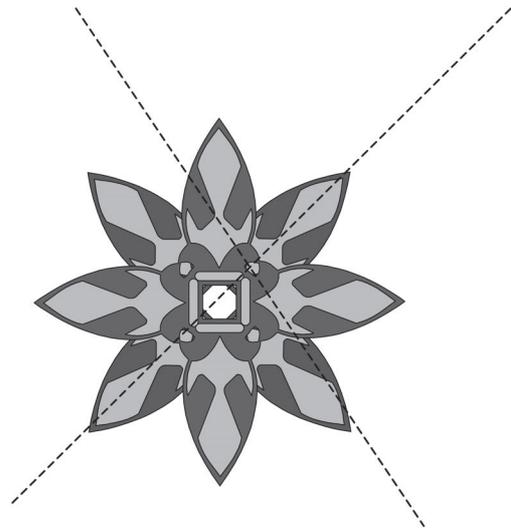

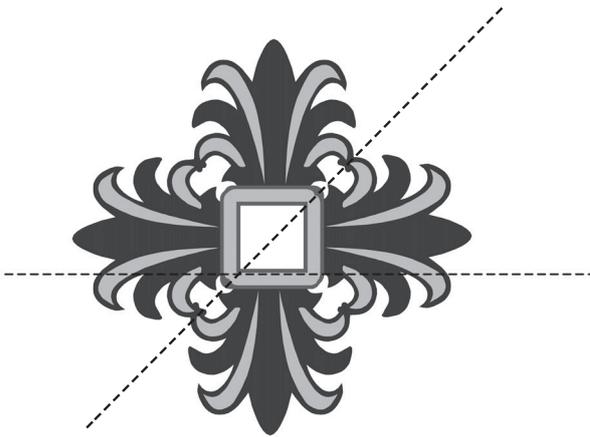

## Noch mehr rote Linien

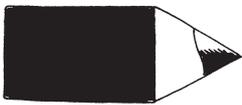

Stelle den Spiegel auf die gestrichelten Linien.  
Bei welcher Linie siehst du die ganze Figur?  
Male diese Linie rot nach.

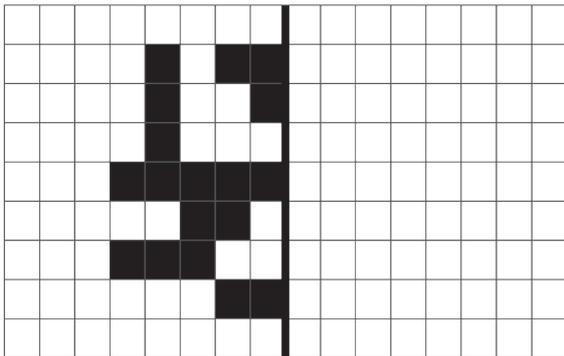

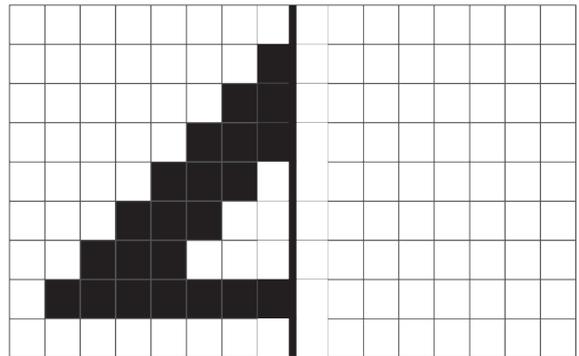

# Zeichne das Spiegelbild 1

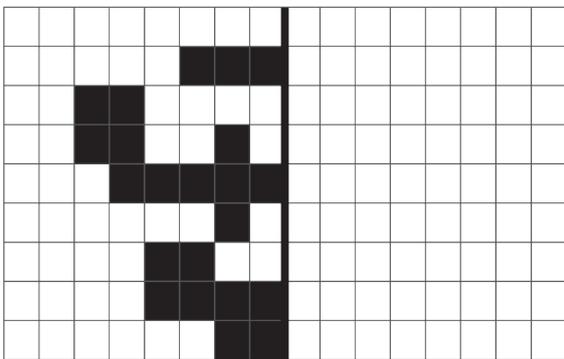

Zeichne das Spiegelbild zu dem Muster.  
Male die Kästchen ordentlich aus. Überprüfe mit dem Spiegel.
