HERZLICH WILLKOMMEN

Dieses Buch zeigt dir **Schritt für Schritt**, wie du buchstäblich jedes Objekt oder jedes Lebewesen in **weniger als 5 Minuten** zeichnen kannst. Außerdem habe ich ein **Tutorial-Video zu Grundformen** und Linien eingebaut, um sicherzustellen, dass du **ALLES MÖGLICHE erschaffen kannst** - selbst, wenn du ein absoluter Anfänger bist oder fest daran glaubst, dass dir das „Talent“ fehlt.

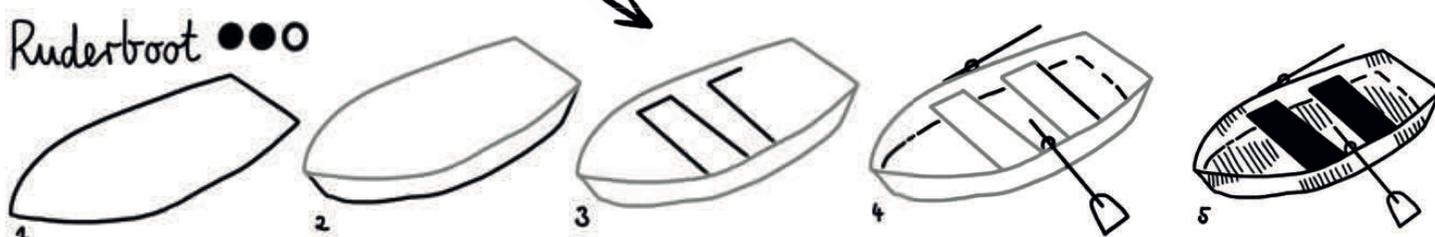

Unterteilt haben wir unsere **1007 Bilder dabei auf 2 verschiedene Detailstufen**

und **3 Schwierigkeitsstufen** (durch kleine Kreise markiert).

Damit du bei jedem Schritt die **neu hinzukommenden Striche** besser erkennen kannst, habe ich die **vorigen Schritte leicht ausgeblendet**.

Es wird **5 bis 7 Tage** dauern, bis sich dein Gehirn an die **motorischen Ansprüche gewöhnt**. Du wirst merken, wie dir das Zeichnen immer leichter fallen wird, selbst wenn dir bisher jegliche Erfahrung fehlte. Grundsätzlich gilt: Das Zeichnen von leblosen Objekten mit einfachen Ecken, Rundungen und Linien ist leichter, als das Zeichnen detailreiche Pflanzen, Tiere und Menschen.

Aus diesem Grund **empfehle ich dir, zuerst mit den Objekten zu beginnen**, damit du für die etwas anspruchsvolleren Kapitel besser aufgewärmt bist.

Bereit?

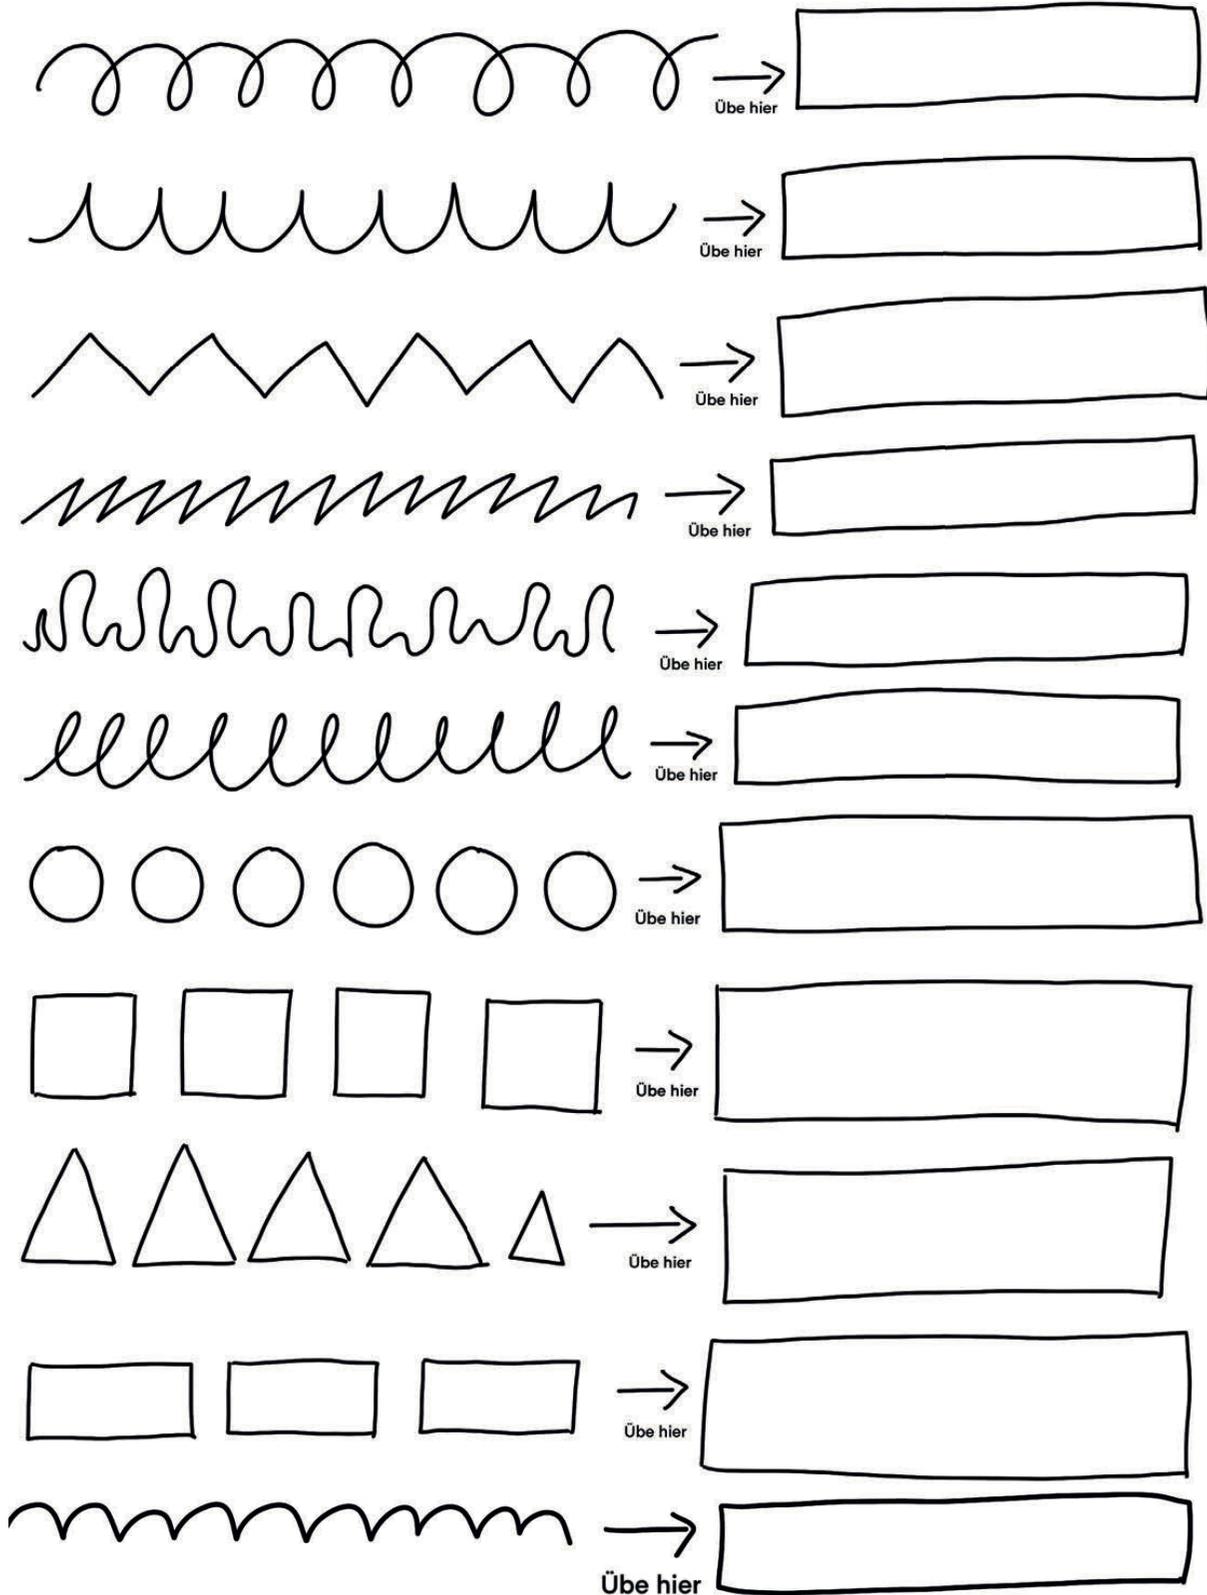

Viel Spaß beim Zeichnen!

Amanda Pimecka

WARM-UP

Mit **Grundformen** wie **Kreisen** und **Quadraten**, kombiniert mit **Linien** und anderen Details (wie Farben und Mustern), kannst du so ziemlich alles zeichnen. Hier findest du einige Beispiele für Grundformen, mit denen du jede Illustration beginnen kannst. Arbeite sie durch, um Vertrauen in das Zeichnen von Grundformen

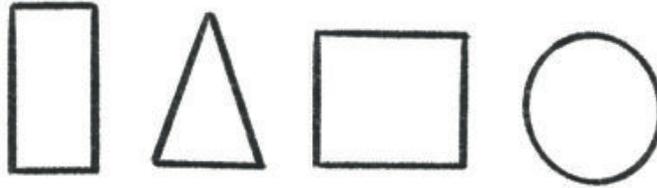

zu gewinnen. Gehe dann zu den Schritt-für-Schritt-Anleitungen für das Zeichnen von einfachen Motiven wie einem Stuhl, einem Telefon, einem Apfel und Co. Hinten im Buch findest du außerdem ein **Video Tutorial zu weiteren Warm-up Übungen**, falls du dich noch immer unsicher fühlst.

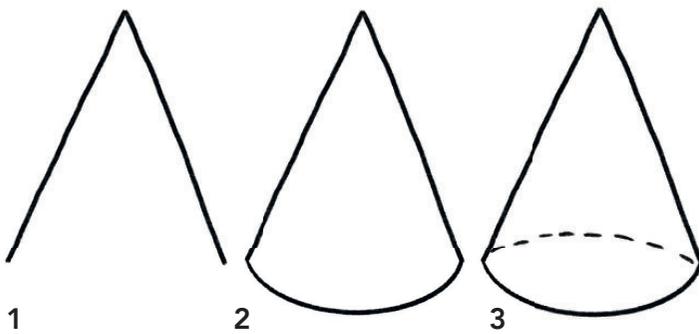

GRUNDFORMEN

Der beste Weg, um das Zeichnen von räumlichen Objekten zu üben, besteht darin, so viele Motive wie möglich zu betrachten, die Grundformen darin zu finden und sie dann zu zeichnen. Wage dich, komplexe Aufgaben zu übernehmen, selbst die **schwierigsten Gegenstände** bestehen aus **einfachen Grundformen**.

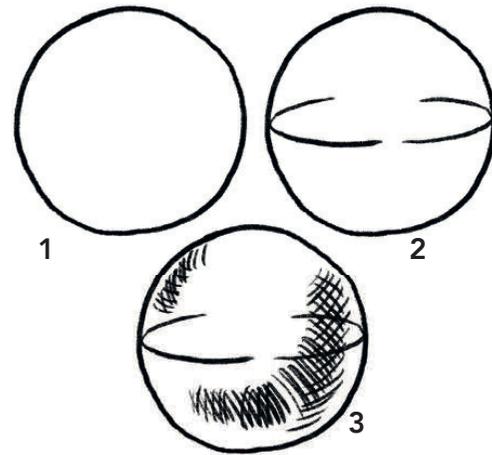

Schließlich folgen noch einige dreidimensionale Formen, damit dir das Zeichnen der Skizzen gleich umso leichter fällt.

ÜBER DIE AUTORIN

„Ich bin leidenschaftlich in der bildenden Kunst und mache Kunst, um Menschen glücklich zu machen.“ - Amanda Piniiecka

Amanda Piniiecka wurde 1992 in Polen geboren. Sie lebt und arbeitet als freischaffende Künstlerin in Freinsheim. Ihre künstlerische Arbeit begann sie als Illustratorin, später kamen Acryl Kunst und Videoarbeiten hinzu. 2016 schloss sie den Bachelor of Arts in Mannheim mit dem Schwerpunkt Kunstpädagogik ab. Ihre ersten Zeichnungen auf Papier fertigte sie im Alter von 5 Jahren an. Schon damals war das Zeichnen für sie eine große Leidenschaft. Amanda ist sehr aktiv auf der Social-Media-Plattform Instagram (als amy_pini) und verzaubert ihre Fans täglich mit neuen Kunstwerken.

„In den letzten Jahren habe ich begonnen, meine kreative Reise auf Instagram zu teilen. Ich hoffe, dass du etwas für deine eigene künstlerische Reise mitnehmen kannst. Wir sehen uns dort!“
